

Delivering

Driver Risk Information

Back to Insurance Companies, Fleet Management, and Drivers

Enabling Fleet Managers to Leverage the Right Data

- Most accurate loss prevention/driver behavior improvement tool for fleets.
- Understand which drivers are exposing you to the most risk.
- Provide feedback to drivers for most effective behavior change.

Insurance Carriers

- Pinpoint Exposure to Potential Risk
- Understand How Drivers are Driving
- Accurately Assess Overall Risk of Fleet
- Improve Pricing, Renewal Strategy, Risk Selection
- Underwrite Based on Actual Driving Behavior
- Advance Beyond Usage-Based to Risk-Based

DRIVER RISK MANAGEMENT

A Standardized and Comparable Score Across All Drivers and Vehicles

Non-event Based; Capturing Continuous Data Between Events

Provide Feedback to Drivers; Identify Improved Drivers
